

Health and Safety Statement

Integrity Industries North Inc. puts safety first at the heart of everything we do. The entire Integrity Team is committed to leading a comprehensive Health and Safety Management Program. Integrity Industries North Inc. is an active participant in the Certificate of Recognition (COR) program in Alberta. We are also safety certified through ISNetworld, Complyworks, and PICS (Avetta).

Integrity Industries North Inc. believes that every incident is preventable and our safety goal is always ZERO injuries. The Integrity Team will continually take a proactive approach to safety rather than reactive in all projects we complete. Compliance and safety go hand in hand and our staff is held to the highest standard of compliance which exceeds regulatory requirements. By protecting our team, we are also protecting their families, friends, the public, and the environment.
